

NHI is the reliable source for your injection molded products, including pulleys, sprockets, gears, brackets and custom engineered designs. Overmolding, tight tolerances and complex designs are just a few of our standard capabilities. Our years of experience in a wide range of applications like outdoor power equipment, material handling systems, farm & agricultural equipment, and appliances are at your service. NHI can also simulate and test your designs to help you get to market more quickly.

High strength glass reinforced composite material ensures dependability

Lightweight and corrosion resistant alternative to traditional metal products

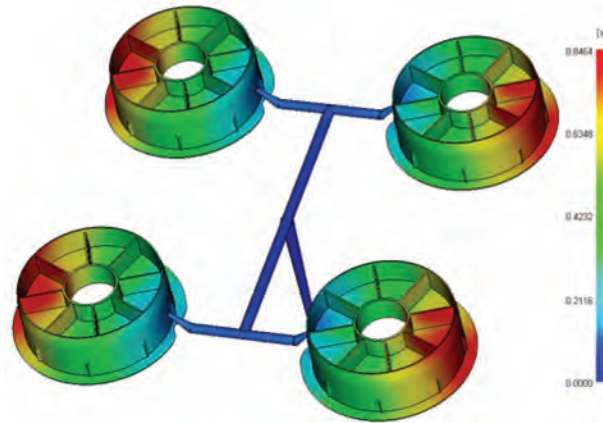

Highly skilled in-house engineering staff ready to assist with any project

NHI has been a trusted manufacturer of both rugged and precision components for over 50 years. Our industry leading record of outstanding on-time delivery and product quality make NHI a reliable supplier and a dependable business partner. Quality, dependability and reliability are just a phone call away.

Injection Molding

Sizes:

1 in³ to 80 in³
1 Cavity to 32 Cavity Molds
General Tolerance Capability .002"
Min Wall Thickness .030"
Min Draft Angle 0.5°

Materials:

Nylon 6/6 33% Glass Fill
Nylon 6
ABS
Many others...

400 Ton Mold Press info:

Clamping Force	397	US Ton
Stroke	25.6	in
Min Mold Height	13.8	in
Max Mold Height	27.2	in
Max Daylight	52.8	in
Tie bar spacing (HxV)	28.9x28.9	in
Overall Platten (HxV)	41.5x41.5	in
Min Mold (HxV)	20.5x20.5	in
Ejector Force	8.8	US Ton
Ejector Stroke	5.9	in

Coatings/Finishes:

Unlike steel, plastic does not require a finish for corrosion/chemical resistance. Plastic also has great wear resistance and high & low temperature limits.

New Hampshire Industries (NHI) strives to be the premier global manufacturer of rugged mechanical power transfer products to industries like outdoor power equipment, material handling, power transmission, elevators and others. We accomplish this by constantly exceeding our customers' expectations in quality, delivery and service. We are committed to making our customers 100% successful, our employees 100% successful, maintaining a safe & clean work environment and operating in an environmentally & socially responsible way.
