

NHI manufactures a wide variety of custom engineered precision machined components, including gears, bushings, and brackets. We use the latest in milling, turning, screw machining technology, manufacturing practices, and quality systems to bring our customers the best product possible. For decades we've manufactured for a wide range of applications, including aerospace, entertainment lighting, outdoor power equipment, farm & agricultural equipment, production machinery, appliances, and many others. We've helped many get to market quickly by modeling, simulating and testing their designs. Our staff of experienced engineers are ready to help you produce the best design for your application.

**Quality materials & coatings
ensure consistent dependability**

**Precision tolerances deliver
predictable reliability**

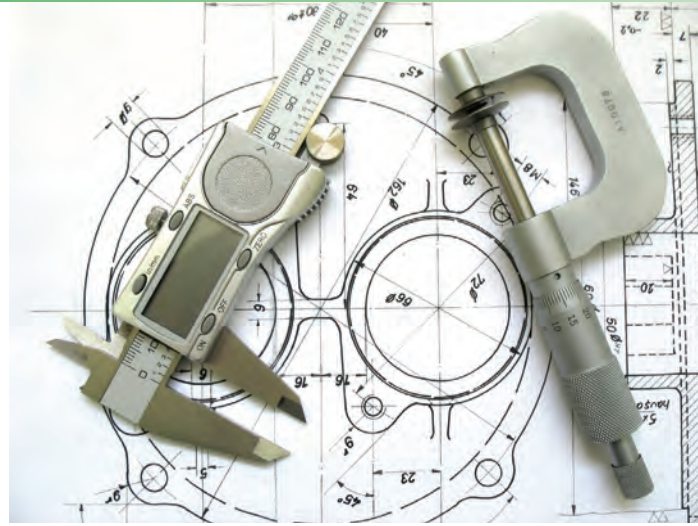

**Highly skilled in-house
engineering staff ready to
assist with any application**

NHI has been a trusted manufacturer of both rugged and precision components for over 50 years. Our industry leading record of outstanding on-time delivery and product quality make NHI a reliable supplier and a dependable business partner. Quality, dependability and reliability are just a phone call away.

Machined Parts

Sizes:

Max Diameter on Turned Parts 12"
Max Size of Milled Parts 32" X 30" x 24"
General Tolerance Capability .0005"
Surface Finish 1.6um

Materials:

Carbon Steel – 1215, 1018, 1045, etc.
Alloy Steel – Titanium, etc.
Aluminum – 6061, 7075, etc.
Stainless Steel – 304, 308, 316, 410, etc.
Tool Steel – A2, D2, 8160
Many others...

Coatings/Finishes:

Iron Phosphate
Zinc Phosphate
Wet Spray
E-Dip
E-Coat
Powder Coat
Anodize
Hardcoat Anodize
Nickel Plating
Zinc Plating
Heat Treatment

Equipment on hand includes but is not limited to lathes, mills, screw machines, broaching equipment, deburring, drill & tap and hobbing. We can make what you need.

New Hampshire Industries (NHI) strives to be the premier global manufacturer of rugged mechanical power transfer products to industries like outdoor power equipment, material handling, power transmission, elevators and others. We accomplish this by constantly exceeding our customers' expectations in quality, delivery and service. We are committed to making our customers 100% successful, our employees 100% successful, maintaining a safe & clean work environment and operating in an environmentally & socially responsible way.
