

NHI is pleased to offer a varied selection of sprockets as part of our standard line of rugged power transfer products. Custom engineered solutions are available. As the leading manufacturer of power transfer products for outdoor power equipment, NHI understands the rigorous demands of rugged applications. Options include machined, stamped, & plastic and both idler & drive designs. Applications range from OPE to material handling to appliances. Our extensive engineering experience and staff are ready to help you produce the best design for your application.

**Stamped sprockets  
combine rugged reliability  
with a cost advantage**

**Plastic sprockets deliver  
the highest economic value**

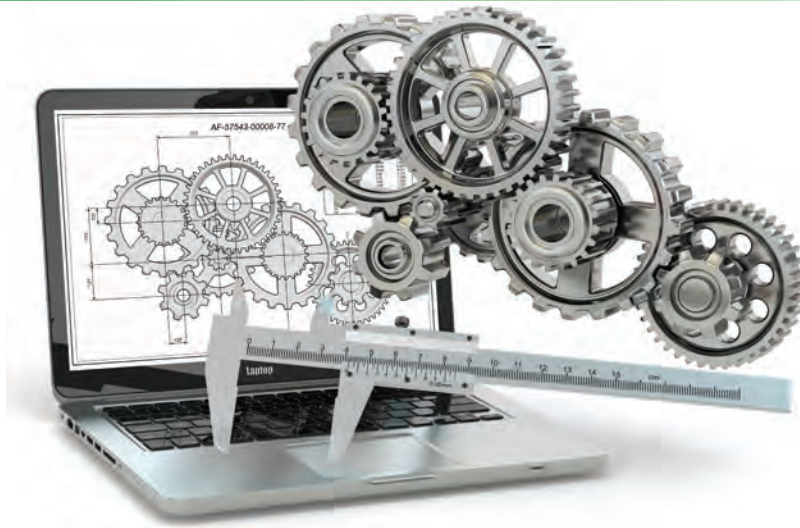

**Machined sprockets provide  
tight tolerances needed for  
precision applications**

NHI has been a trusted manufacturer of both rugged and precision components for over 50 years. Our industry leading record of outstanding on-time delivery and product quality make NHI a reliable supplier and a dependable business partner. Quality, dependability and reliability are just a phone call away.
